**SECURING THE DIGITAL FRONTIER:
EMERGING TRENDS AND PRACTICAL SOLUTIONS**

16 APRIL 2025

PIKOM Cybersecurity Summit is an annual conference organised by the Cybersecurity Chapter of PIKOM. This conference is held to address Cyber threats & issues of compliance faced by organisation and to come & listen what the region's experts will share their insights & best practices to overcome cyber threats.

ABOUT FUTURE OF CYBERSECURITY SUMMIT (FOCS) 2025

Future of Cybersecurity Summit (FOCS) 2025 - this year marks the 5th edition of the summit since its inception in 2019. This Summit is organised by the Cybersecurity Chapter of PIKOM and its held to address Cyber threats & issues of compliance faced by organisation.

Securing the Digital Frontier: Emerging Trends and Practical Solutions – The theme for this year’s Summit is designed to address these critical issues. We will explore cutting-edge trends in cybersecurity and provide actionable insights into how organizations can safeguard their operations against evolving digital threats.

Why This Theme Matters:

- 1. Emerging Threats:** From sophisticated cyberattacks to vulnerabilities in AI and IoT, understanding the latest security trends is vital for staying ahead of the curve.
- 2. Practical Solutions:** It’s not just about identifying threats but implementing practical, scalable strategies that ensure the resilience of digital infrastructures.
- 3. Future-Proofing:** Learn how to build systems and strategies that protect your organization now and in the years to come, as the digital landscape continues to transform.

What You’ll Gain:

- Insights into the latest security technologies and trends.
- Best practices for creating a secure digital environment.
- Real-world case studies showcasing successful security implementations.

Join us as we delve into the future of cybersecurity, equipping you with the knowledge and tools you need to secure the digital frontier. Together, we can navigate the challenges of today and prepare for tomorrow.

PIKOM CIO CONFERENCE

3 JUNE 2025

GRAND NEXUS, CCEC, BANGSAR SOUTH

ABOUT PIKOM CIO CONFERENCE 2025

With the success debut of the inaugural PIKOM CIO Conference 2024, we intend to make this Conference an annual event. Therefore, the next CIO Conference will be held on 3 June 2025 and we have lined up a very exciting program as attached.

This year's theme: **Gen AI in Action: Transforming Ideas into Impact**

Generation AI (Gen AI) has captured imaginations across industries, from creative arts to cutting-edge research. But now that we have it, how do we leverage its power to drive real-world impact?

"Gen AI in Action: Transforming Ideas into Impact" explores how businesses, researchers, and innovators are harnessing Gen AI to bring bold ideas to life. This theme invites participants to dive deep into case studies, success stories, and challenges that arise when implementing Gen AI solutions.

From automating workflows to creating entirely new markets, Gen AI is shaping industries in profound ways. We'll examine how this transformative technology is being used to solve pressing global problems, foster collaboration, and unlock new levels of efficiency and creativity.

Why Attend?

- Learn actionable strategies for implementing Gen AI in your field
- Connect with thought leaders, developers, and business leaders driving innovation
- Discover how to transform AI-driven ideas into measurable outcomes

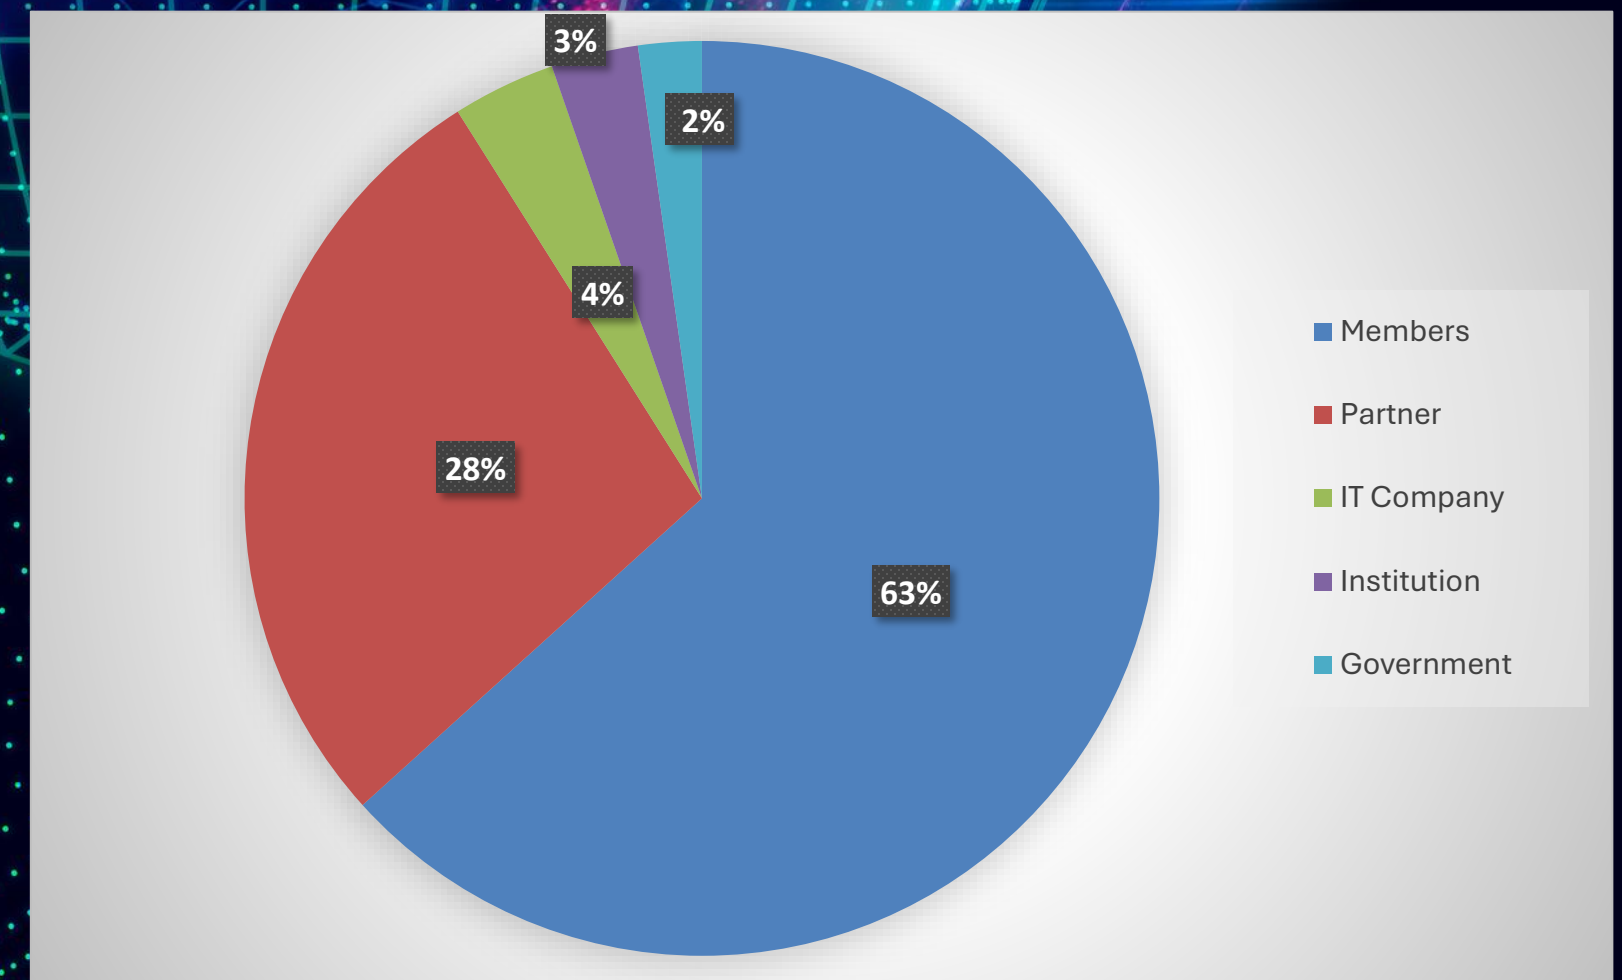

This conference theme is an invitation to bridge the gap between vision and execution. Join us to learn how to move beyond the theoretical potential of Gen AI and start making an impact today.
